<http://starchild.gsfc.nasa.gov/>
<http://solarsystem.nasa.gov/planets/index.cfm>
<http://kids.nineplanets.org/> Solar System Sites
<http://www.dltk-kids.com/> - this site is very deep. It seems every time I used it, I found something new.
<http://www.kidzone.ws/>
<http://www.papajan.com/> You had me at Pac Man.
<http://www.spellingtime.com/> (fee)
http://www.scholastic.com/scholastic_thanksgiving/feast/index.htm
<http://www.yourchildlearns.com/owlmouse.htm> (great map practice)
<http://www.aptv.org/aptplus/>
www.funbrain.com has several fun games and breaktime activities that are still educational.
www.iknowthat.com has great math games and geography, building and spatial activities, and lots of other cool stuff.
www.edheads.com shows virtual hip and knee replacement, simple and complex machines, and weather. My son loves this one.
www.mytestbook.com helps us keep up with the mainstream (I think it's actually advanced compared to public schools) in math, reading, and science.
www.enchantedlearning.com has a comprehensive list of pages; coloring, fill-in-the-blank, history, math, language, science, etc. for elementary ages.
<https://www.vombooks.com/> is the site for Voice of the Martyrs. It has great resources for children and adults on learning about believers who live where Christianity is not allowed.
